

SMALL GRANT PROGRAM (Due By August 30, 2007)

Team Biennial Report

Team Name: _____ # _____ Biennium: 2005-2007

Directions: Answer the questions below as they relate to the 2005-2007 biennium. Return to the OWEB Small Grant Program Manager.

1. To what extent do the Team's funded projects:
 - a) Generally demonstrate a clear watershed benefit to aquatic species, wildlife, or watershed health;

 - b) Meet its high-priority watershed concerns identified for the 2005-07 biennium (identify specific projects and show award amounts for each).

2. Evaluate the effectiveness of the Team's:
 - a) External interactions with landowners, applicants, grantees, project partners, and OWEB Small Grant Program staff (i.e., the challenges that faced the Team with each of these groups and whether the Team was successful in resolving them); and

b) Internal interactions with each other (i.e., the challenges that faced the Team and whether the Team was successful in resolving them).

3. If there have been any educational or outreach activities associated with Team projects, please discuss.

4. Attach:

- Team tracking sheets for recommended and denied applications for the current biennium.
- Any publicity received for projects.
